Departmental Budget. Forwarded to the Land Secretary for favour of opinion. If the S.S. should be allowed to spend this amount the University may be requested that to use it for any other purpose if provision for it is made in the University Budget. The S.S. may award the Scholarships and the charge may be debited to the University. This arrangement is inconvenient but there is no alternative as the provision is not in the Medical Budget and there can be no transfer from the University Budget to Medical Budget. If however the S.S. need not have anything to do with this Grant the position has to be made clear to him. The point raised by the S.S. to one to be settled by Land Secretary if necessary in consultation with the Chief Secretary (University) The S.S. wants very early answer.

(19) It was decided in G.O. dated 21st June 1924 that the Medical School should exist as an independent Institution and become part of the Medical College, the opening of which was sanctioned in that order. I do not, therefore, understand why all the requirements of the Medical School were not provided for in the University Budget for 1925-26. The items now under discussion were left out under the Medical Budget in accordance with the said order.

(20) The arrangement now proposed by the Senior Surgeon amounts to a modification in some respects of the order of 21st June 1924. Of the three items for which the Senior Surgeon asks for provision in his letter dated 12th June 1925, the University would like to retain in its own Budget item No.2 relating to Honorarium to Examiners. Whether this arrangement is acceptable to the Senior Surgeon or whether it will be permitted by Government, are points on which there is no information in the file. In the event of the

the view of the University being accepted, I would suggest that this demand be met from the funds of the University without any additional grant to it. The amount involved is small and it will not be difficult to find it from the resources of the University.

(21) The items remaining to be considered are Nos. 1 and 3 and between them they amount to Rs 8,760/-. As stated in para one above, these items have been left out of both the Medical and University Budgets. An additional grant is, therefore, a necessity. This demand may be included in the Schedule to be presented to the Legislative Council at the Session after next. It will have to be admitted that an omission was made and that it has to be made good now.

(22) If the provision for Honorarium to Examiners should also be under the control of the Senior Surgeon and included in the Medical Budget, the additional grant to be applied for will have to be increased by Rs 2,000/-

make in the Medical Budget for 1925-26 the following provisions on account of the Medical School:--

1) Rs. 7,560 for scholarships to Sub Assistant Surgeons.

2) Rs. 6,648 for other scholarships such as - - Nurses, Midwives etc.

3) Rs. 2,000 for Honoraria to Examiners.

4) Rs. 1,200 for Books etc., to the students.

In the Statement furnished to Government by the Comptroller, that officer provided only for -- items (1) and (2). Thus Item (2) has been retained in the Medical Budget. But as the control of - the Medical School had been transferred to the --- University, the provision of Rs. 7,560 for Sub --- Assistant Surgeons' Scholarships was ordered to be transferred to the University budget.

The Senior Surgeon wants provision in the - Medical Budget for items (1), (3) and (4) also, -- viz., (a) Scholarship for Sub Assistant Surgeons - Rs. 7,560, (b) Honoraria to Examiners - Rs. 2,000, and (c) Special charges - Rs. 1,200. The University have no objection to leave (a) and (c) to the Senior Surgeon's control but want the sum of - - Rs. 2,000 relating to Honoraria (b) to be placed - under their control.

There is a sum of Rs. 65,022 for Medical -- College provided in the University Budget and out of this, only a sum of Rs. 3,000 is provided for - scholarships; but this relates to M.B., B.S., --- students of the College Classes. The provision - under Establishment, Teaching Staff, Contingen- - cies, Library and Laboratory charges are common to both.

The University has not thus provided for -- item (1) the Sub Assistant Surgeons' Scholarships Rs. 7,560, (2) Honoraria to Examiners of L.M.P. -- Class - Rs. 2,000 and (3) Special charges - Rs.1200 such as books to be supplied to stipendiary students in connection with the Medical School.

They have no objection to leave items (1) - and (3) under the control of the Senior Surgeon -- but want item (2) viz., Honoraria to Examiners - - Rs. 2,000 to be placed under their disposal.

The amount required for the 3 items has to be sanctioned as an additional grant.

The Financial Secretary says that in case - the University's suggestion is sanctioned, the additional sum of Rs. 2,000 asked for by them may - be required to be met by reappropriation as there is sufficient money in the University budget and - in case the Senior Surgeon is to be given control over all the 3 items, the whole amount will have - to be included in the additional grant for which the sanction of the Legislative Council may also be obtained at the next meeting.

Orders are required on the following - -- points:-

1) Whether control over all the 3 items -- (a) Scholarships to Sub Assistant Surgeons, (b) Honoraria to Examiners and (c) Special charges, may be handed - - over to the control of the Senior Surgeon and additional grant of Rs. 7,560 plus Rs. 2,000 plus Rs. 1,200 = ----- Rs. 10,760 to be applied for.

2) Whether item (2) to be allowed to Uni-

versity for which they be asked to give money by reappropriation in which case an additional grant of Rs. 8,760 alone is to be applied for .

From

His Highness the Maharaja of Mysore, Camp, MYSORE.

To

Rajakaryaprasakta, Dewan Bahadur,
M. N. KRISHNA RAO, ESQ., B.A.,
Financial Secretary to Government of Mysore,
Camp - M Y S O R E.

Sir,

I have the honor to state that Government Order No. E. 6492-5/Edn. 289-23-11 dated the 21st June 1924, directed, among other matters, that the "School Department (of the Medical College) will continue to be administered by the Principal under the control of the Senior Surgeon, "pending the issue of separate orders regarding admissions, award of scholarships, holding of L.M.P. Examinations and grant of diplomas to the students of the L.M.P. section. In Government Order No. 1655-7/Edn. 289-23-19, dated the 1st October 1924, the Government have been pleased to direct that "the School Department be administered by the Principal and the College Council and placed under the University." In the same order the Government were pleased to await submission of necessary rules and ordinances for the administration of the School Department by the University. Final orders of Government in this matter have not been received in this department till now. The award of stipends to L.M.P. students has, however, been specifically left under the control of the Senior Surgeon. The award of stipends also includes the grant of the cost of books and instruments in the case of lady students and of half the cost of books in the case of the old batch of stipendiary students.

In the above circumstances, when necessary provision was

prepared by the Comptroller, under the head "Special Charges" Medical School", for the marginally noted items, the figures

Scholarships to Sub Assistant Surgeons.	Rs.7,560.
Honorarium to Examiners.	" 2,000.
Special charges - Cost of Books &c.	" 1,200.

were retained unmodified when the draft was returned to the Comptroller with the usual plus and minus statement. In the "Provisionallysanctioned Budget" now received, it is found that a provision of Rs.6,648 has been made under "Medical School, Scholarships" (page 53) and this is the amount for the grant of stipends to pupil Compounders, Nurses and Midwives, as given in the detailes on page 134, at the foot of which there is also a note to the effect that the provision made under all other heads of expenditure of the School has been "Transferred to University under Government Order No. Fl. 7025 dated the 23rd June 1924." This order has not been communicated to me.

As the career of the L.M.P. stipendiary students has to be watched by the Head of the Department in which they are expected to be employed after they obtain their qualification, as stipulated in the covenants executed by such students, and as Government have not, till now, passed any orders to the contrary in this matter, I request that you will be pleased to arrange for the retransfer of the items mentioned in para 2 above under "21 Medical, 5 Medical School" and issue necessary orders in the matter at an early date.

I may also add that from the enclosed copy of letter No. 13627 dated the 5th June 1925, it will be evident that the scholarships for the L.M.P. class this year (for four boys and 4 girls) are to be awarded by the Senior Surgeon.

I have the honor to be,

Dear Sir,

You are aware that the grant of scholarships to L.M.P. students, who are bound to serve the Department, is left to the Senior Surgeon even now, although the School Department of the Medical College has been placed under the University by G.O. No.1635-7-Edn.289-23-19, dated 1st October 1924. Accordingly, due provision had been made in the Draft Budget Estimate for 1925-26, originally prepared by the Comptroller, under "21, MEDICAL, 5.Medical School" for the grant of stipends and for special charges, i.e cost of books and instruments to lady students.

In the copy of the Provisionally sanctioned Budget received in this office it was observed that the provision for the above items was transferred from the Medical to "the University" and there is a foot-note added on page 134, that the transfer has been effected under the authority of G.O.No.Fl 7025, dated 23rd June 1924, a copy of which, however, has not apparently been communicated to this department. I made an official reference to the Government in the Financial Department from Camp Mysore, in letter No.356, dated 12-6-25, requesting the retransfer of the provision in question to the Medical Department and am informed that the matter is being considered in consultation with the Local & Legislative and the Chief Secretariats.

As the career of the L.M.P. students receiving stipends has to be watched by the Head of the Medical Department in which they are bound to serve after passing the examination, and as the Government have been, till now, pleased to continue the control of these scholarships in the Senior Surgeon, I request you to be so good as to arrange for the retransfer of the necessary provision to the Medical Department as recommended by me and have necessary orders communicated to me before the close of the year, to enable me to award the scholarships sanctioned this year for the L.M.P. course and communicate the names to the Principal, Medical College

in time, at the beginning of the next session.

I append below, a copy of letter No.13627, dated 5th June 1925, received from the Registrar, from which it could be gathered that the University authorities expect that the entire control over the scholarships will be left with this Department.

Yours sincerely,

Senior Surgeon.

Letter No. 166 dated 5th August 1925 from the Principal, Medical College, Bangalore, to the Senior Surgeon in Mysore, Bangalore.

I have the honour to request you to kindly let me know , at your earliest convenience, the amount allotted under "Special Charges" for the current year (1925-26) for the purchase of books and instruments to the lady stipendiary students and to the old batch of male students who are entitled to half of the cost. Very early reply is requested, as students want their books to be supplied to them immediately.

Sir,

Adverting to your letter No. L 675, of 31st July 1925, in the matter of the request of the Senior Surgeon for the transfer of the provision on account of stipends to L.M.P. students for 1925-26, from the University to the Medical Budget, I am directed to state that the copy of letter No. 356, of 12th June 1925 from the Senior Surgeon to your address in the matter forwarded with your letter No.L.9248 of 30th June 1925 having been placed before the University Council at their meeting held on the 18th July 1925, it was resolved that the second item of Rs.3000/- be retained in the University for examination charges, and that the stipends and the special charges be retransferred to the Medical Department Budget.

Pursuant to the above resolution of the University Council, the grant, if any, for the L.M.P. stipends and special charges as well, may be administered by the Senior Surgeon.

I am however to add in this connection that no provision has been included in the University budget for the current year on account of L.M.P. stipends or special charges and hence there is no question of transfer of any provision from the University to the Medical budget.

Should Government however sanction any grants for the items mentioned in the Senior Surgeon's letter of 12th
